NEW WINE. OLD VALUES.

QUESTIONS THAT HELP US UNDERSTAND THE SIGNIFICANCE OF THE TEXT

1. What systems or traditions have you been holding onto that is now only stagnant at best?
2. What is keeping you from letting it go? Pride, fear of the unknown, convinced this is the only way?
3. In what area(s) of your life have you personally experienced the faithfulness of God?
4. If God could be trusted in those areas, why would He not be capable of showing Himself trustworthy and powerful in uncharted territory?
5. What has the Holy Spirit been prompting you to embrace, change or adopt that you have not?
6. In 2024, are you willing to trust God in areas where you previously felt you were in total control?
7. What are you missing out on as a result of not being willing to drink the new wine?
8. Who else or what else is being negatively impacted or lacking as a result of your unwillingness to do it God's way? Remember, what you may consider as comfort and security, may be viewed as disobedience by God if He is leading you to make a change or a move.
